

Dear Friends and Members,

There was no newsletter issued for the month of May, 2002. Prior to May 2002, the newsletter corresponded with the month in which the current Club meeting took place. At the May 2002 Board meeting, it was decided the newsletter should be issued for the upcoming month, which in May 2002, would have been June 2002. As such, the newsletter issued in May was designated as the June 2002 newsletter. The sequence of newsletters “jumped” from April 2002 directly to June 2002.

I have excerpted the following explanation provided in Val Kieser’s President’s Message from the June 2002 issue of the BAAC Newsletter: “Don’t be surprised by the date of this newsletter. The board decided at the last board meeting to date the newsletter according to the date of the coming month rather than the preceding month. So, **don’t look for a May 2002 newsletter**—there won’t be one!”
